Welcome to the Manchester Academy of Fine Arts' Autumn Exhibition

We are delighted to hold this, our second exhibition at Dean Clough Gallery, and I would like to offer our sincere thanks to everyone who has helped to bring the exhibition about after such a long time when we haven't been able to meet.

Each year the Academy awards prizes to Graduates of MMU School of Art, as they begin their artistic careers and as part of that award is the opportunity to participate in one of our exhibitions and you will see some of their prizewinning works included with that of members' work.

To find out more about the Academy and its artist members please visit our website, www.mafa.org.uk, or view our Facebook page and Twitter feed to keep you up to date with news of events and further exhibitions.

If you are a fellow artist and wish to be considered for membership of the Academy, then please go to our website for details of how to apply or ask a member of the Academy.

Becoming a Friend of MAFA is also welcomed and your support will help to sustain the Academy as it continues to exhibit some of the most highly regarded art in the region. Full details of becoming a 'Friend' can be found on our website.

Manchester Academy of Fine Arts

This exhibition by members of Manchester Academy of Fine Arts features painters, printmakers and sculptors who represent the best of the contemporary art scene in the North West.

Since its foundation in 1859 the Academy has promoted fine art and education. Following this tradition exhibitions, often accompanied by workshops, podcasts and guided tours, are held usually twice yearly crossing boundaries in Yorkshire, Lancashire and Cheshire.

Young artists benefit from the Academy's special connection with Manchester Metropolitan University. Annual prizes are awarded to graduates, followed by the opportunity show their work in Academy exhibitions.

Noteworthy artists including Ford Madox Brown and John Cassidy, sculptor of the infamous Colston statue recently toppled into Bristol harbour, were active members of the Academy. L.S. Lowry, who first studied in Academy classes, exhibited in the annual shows for over forty years.

The work of present members, with all their diverse working practices, interpretations and use of different media, promises an exciting and varied exhibition.
